

FIRE SAFETY TIPS:

Safety at School (Simplified by the EIC)

- 1 Check all electrical installations regularly. Unplug all electrical appliances after use.

- 2 Let Kiddie/Junior Fire Marshal be identified, and that safety measures are observed at all times.

- 3 All exits in every floor of the building should be plainly marked. Never permit the obstruction of any aisle or exit. Have an evacuation plan posted.

- 4 School Safety Officer should check all fire protection equipment regularly.

- 5 Set individual task before any emergency, and have a handy First-Aid Kit.

- 6 Remove the accumulation of litters in all areas of the school and dispose them properly.

- 7 Organize a fire brigade. Be sure to know emergency hotline numbers in your area.

- 8 Observe the conduct of fire drill where an emergency evacuation area is established.

- 9 Maintain proper housekeeping to eliminate fire hazards.
